

Environmental Office Solutions

Helping you help the environment™

Grading Summary

Grade (A): Fully Functional. System passed all testing for essential functions. Great condition with very light wear. Laptops will have only very minor surface imperfections on the cover and keyboard. No cracks, dents, stickers, or missing parts. Screen will not have any visible marks, scratches, dead pixels, dark spots, or discoloration. Check manifest for hard drive status. Good LCD.

Grading Summary

Grade (B): Fully Functional. System passed all testing for essential functions. Good condition with light signs of wear from general use. Body may have scratches or scuffs on body and loose hinges. No cracks, dents, or stickers. Screen may have minor surface flaws visible when the display is off. Any missing parts will be listed in the manifest. Good LCD.

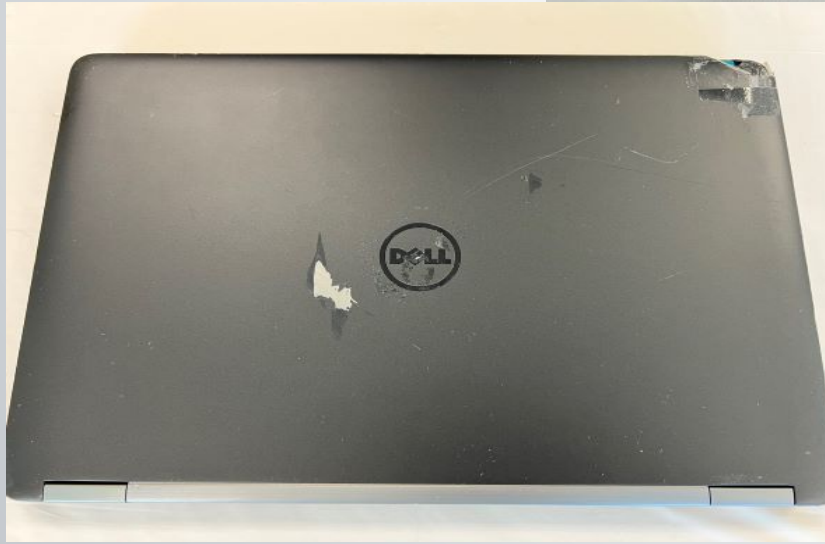

Grading Summary

Grade (C) : Fully Functional. System has passed testing for key and essential functions. Fair condition with moderate wear and may have dents, discoloration, stickers and scratches. Latches or hinges may be damaged or broken, and there may be missing or damaged plastic panels. Screen may have minor screen rub and small white spots. Any missing parts will be listed in the manifest. Good LCD.

Grading Summary

Grade (D): System has passed testing for key and essential functions. Poor condition with high wear and may have larger dents, discoloration, and scratches. Latches or hinges may be damaged or broken, and there may be missing or damaged plastic panels. Screen may have screen rub and white spots. Any missing parts will be listed in the manifest. Good LCD.
